SKILLS

- ❖ Java, Python
- ❖ HTML, CSS, JavaScript, React Js, Node Js, Express Js, MongoDB
- ❖ MERN Stack
- ❖ Git & GitHub, Canva, VS Code, Figma

EDUCATION

- ❖ B. Tech(C.S.E) | Accurate Institute Of Management & Technology Gr. Noida CGPA: 8.27 | (01/11/2025)
- ❖ XII (CBSE) | Heritage International Public School Kushinagar 73.6% | 2023
- ❖ X (CBSE) | P.G. Senior Secondary School Kushinagar 72.8% | 2021

ACADEMIC PROJECTS

- ❖ Usability Hub (Lyssna) Clone | Front-End UI Project
 - **Re-created** a pixel-perfect, **responsive** front-end clone of the Usability Hub (Lyssna) platform, leveraging **HTML5, CSS3, and JavaScript**.
 - **Implemented** interactive UI components and "one-click test" features using vanilla JavaScript for dynamic content and **DOM** manipulation. [Project-link](#)
- ❖ ThaliExpress - Food Delivery Platform | Full Stack Project
 - **Developed** a full-stack (MERN) online food delivery application inspired by India's traditional thali culture.
 - **Engineered** a dynamic and responsive front-end using React.js, consuming a custom-built **RESTful API** for seamless data flow.
 - **Built** the complete backend using Node.js and Express.js for server-side logic and routing, integrating MongoDB for user and order database management.
 - **Implemented** core features including user authentication, menu browsing, and an order processing system. [Project-link](#)

ACHIEVEMENTS / HOBBIES

- Achieved Full Stack Web Development Certification (Apna College)
- Workshop on Full Stack Web Development (Softpro India)
- Smart India Hackathon 2025 Participation Certificate (SIH - 2025)
